

July 24th, 2008

To the Dartmouth Community,

The students of the Dartmouth Outing Club are concerned that the administration may not share our vision for the club. Three short-lived OPO directorships in eight years, combined with the administration's silence about our future, leave us worried that there is a fundamental misunderstanding between the administration and the Dartmouth Outing Club.

The student leaders of the Dartmouth Outing Club offer our vision of the club. We ask that the administration read our document, understand it, and publicly respond. The response should clarify their position and initiate dialogue about this important issue. In this way students and administrators can have an informed discussion about what we are seeking in a new Director of Outdoor Programs and, beyond that, the future of the Dartmouth Outing Club.

Sincerely,

Andrew Palmer	<i>DOC President</i>	Dan Susman	<i>Former Organic Farm Co-chair, Former DOC Vice President</i>
Margi Dashevsky	<i>DOC Vice President</i>	Chris Farmer	<i>Former Winter Sports Club Co-chair, Woodsmen's Team captain</i>
